

PROFILE

Solo full-stack web developer with 8 years of professional experience, specialising in Laravel, PHP and React. Delivers projects end-to-end - scoping, database design, development, testing and deployment - across roughly 100 web builds spanning social platforms, e-commerce, booking systems, dashboards and bespoke small-business sites. Collaborates through GitHub pull requests, code review and shared repositories when projects involve other developers.

CORE

PHP / Laravel / JavaScript / TypeScript / React / SQL

WEB

Blade / Node.js / RESTful APIs / jQuery / Bootstrap 5

TESTING & QUALITY

Pest / PHPUnit / PHPStan / Nightwatch / QA / Regression Testing

DEVELOPMENT & INFRASTRUCTURE

Git / GitHub / Docker / Redis / Composer / npm / Bash / Apache

ADDITIONAL

Java / LWJGL / OpenGL / Gradle / JSON / YAML / Markdown / MariaDB / MySQL / PostgreSQL

PROFESSIONAL

Customer Service / Complaint Resolution / Team Leadership / Problem-Solving / Working Under Pressure

EXPERIENCE

Web Developer - Independent / Solo Projects

2019 - Present

- Design and build full-stack applications using Laravel, PHP, React and TypeScript across social, e-commerce, booking, dashboard and small-business projects.
- Own the full delivery cycle: scoping, database design, implementation, authentication, search, messaging, notifications, payments, content management, testing and deployment.
- Maintain and improve existing systems through refactoring, bug fixing, QA and regression testing; plan work around efficiency, product tracking and technical requirements.
- Collaborate through GitHub pull requests, shared repositories and code review when projects involve other developers.

Customer Service & Team Support - Retail & Hospitality

1998 - 2018

- Two decades of frontline customer service across supermarket, food service and retail environments, handling queries, complaints, transactions and busy-period demands.
- Food preparation, kitchen assistant duties, hygiene practices, cash handling, till/POS systems, stock replenishment and shift cover.
- Built a practical foundation in clear communication, reliability under pressure, problem-solving and working effectively with customers and colleagues.

2018 - 2019: career break for full-time family caring responsibilities.

KodaKodra

FULL-STACK WEB DEVELOPER
